Your child's immunization shot record must be on file within 30 days of enrollment. It should be recorded on the form signed by the child's physician (JFS 01305). If you have elected to decline a certain immunization, you must attach a signed and dated letter stating your reasons (medical contradiction signed by a physician or religious objection). Ohio Law requires that children attending pre-school be immunized as follows:

- 4 doses of DTP vaccine
- 3 doses Hepatitis B (Hep B) vaccine
- 3 or 4 doses of HIB vaccine (varies depending upon the type of vaccine used)
- 1 dose MMR vaccine (measles, mumps, rubella given together or separately)
- 3 doses of Polio vaccine

PARENT EXPECTATION SURVEY

It is the goal of the Sunshine Preschool Staff to create a loving Christian environment in which to nurture your child as they learn to interact with other children. We want to introduce each child in our care to the social structure of a classroom, a foundation for learning life skills, pre-reading, pre-math and pre-science skills, as well as developing large and small motor skills through a wide variety of activities and experiences. We realize each child is an individual with their own interests, likes and dislikes, and background. We want to expand their world by doing new things you may not have the opportunity to do at home. Please take a moment to fill out the survey below so we can have a better idea of what you are expecting your child to experience at Sunshine Preschool at Breiel Church. Thank you.
